

QUALITY POLICY STATEMENT

Rocbolt Resins Pty Ltd

Rocbolt Resins Pty. Ltd aims to be a preferred supplier and leader in the manufacture of high quality ground support resin capsules for the mining, tunnelling and construction industries.

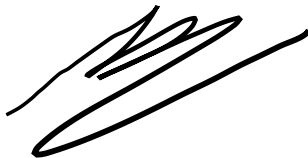

We are dedicated to providing our customers with quality products to increase their productivity:

- Enabling them to rely on the quality of the product they purchase
- To ensure growth of their business for them and their stockholders
- To ensure the safety and welfare of their employees exposed to our product

This quality policy statement is applicable to all employees at Rocbolt Resins Pty Ltd. We are committed to comply with the requirements of our quality management system, to continually improve its effectiveness and ensure that it meets the requirements of ISO 9001:2015.

We will establish and review on an ongoing basis our quality objectives as defined and recorded at Quality System Reviews.

This Quality Policy Statement is to be communicated to employees at all levels in Rocbolt Resins to facilitate its understanding.

Andrew M Sykes

General Manager
